

Please leave the Wisconsin No-Call list alone. I think that if the consumer is taking time out of their lives to sign up for the no-call list, it shouldn't take a rocket scientist to figure out that that consumer DOES NOT WANT telemarket calls. Telemarket calls are just like junk mail but more annoying. If I want a certain type of product, I will contact the business, not the other way around. My name is on the no-call list for a reason, so don't bug me!
